

Quick Stats for the Inorganic Chemistry Exchange from 2004 – 2015

Number of student **applicants** for ICE 2015: 26 (33 in 2014)

Number of supervisors (departments) for ICE 2015: 7 (12)

NSERC USRA success rate for ICE in **2015: 6/7**; 2014: 8/12; 2013: 7/8

Total number of **ICE scholars** since 2004: 98

Total number of faculty supervisors since 2004: 43

Total number of participating Universities since 2004: 22

NSERC USRA success rate for all ICE scholars since 2004: 76/98 (78%)

ICE scholars who have gone on to graduate school in chemistry: 50%¹

Number of papers published from ICE-related research: 29 (as of May 2015)

- Contact Lisa Rosenberg (ICE Webmaster) to add any publications by ICE Scholars to the website

Interested in joining ICE?

An e-mail will be circulated in August through the Inorganic Division mailing list to solicit participants for ICE 2016. The list of supervisors will be finalized in early September so that student recruitment can begin shortly thereafter.

Please contact the coordinator (Andrew Grosvenor; andrew.grosvenor@usask.ca) for details of the time and money involved, and be aware that there is a time commitment during the first 6-8 weeks of the fall semester, Attendance at a workshop in the third week of August by all ICE students and supervisors is required.

The 2015 conference and workshop will be at Ryerson University in Toronto, on August 20th & 21st hosted by Bryan Koivisto.

Special thanks: Chris Kozak, who hosted the 2014 workshop (Memorial).

¹ Does not include current ICE students, or past students still completing undergrad
